

Graduate Program Average Textbook Costs

This document provides the average cost of textbooks for programs which do not include textbooks in the cost of tuition. These averages were calculated based upon the number of courses that are required for program completion and does not account for any additional coursework that a student may take. Note that these averages are based upon current and projected textbook costs for courses and the actual cost may vary depending upon the courses a student elects to take. *Distribution Date: July 1, 2011*
