

Bachelor of Science in Finance

School of Business and Information Technology

A Growing and Strengthening Economy Means Demand and Opportunity for Financial Professionals

Kaplan University's Bachelor of Science in Finance program is designed to help you gain technical knowledge and skills in a wide range of financial areas, and develop an understanding of the factors that influence financial decision-making.

As a student, you will have opportunities to grow and apply your critical thinking skills to find solutions to a variety of financial problems. The Bachelor of Science in Finance's curriculum covers subjects such as financial planning, corporate finance, banking, insurance, real estate, financial markets, and investment management.

Our curriculum is created by practicing professionals in the industry and uses the latest technology tools such as portfolios, wikis, blogs, and videos featuring experts in the field. Students can work directly with faculty via the online discussion boards and during faculty office hours.

Kaplan University—A Different School of Thought®

Kaplan University is an institution of higher learning dedicated to providing innovative undergraduate, graduate, and continuing professional education. Our programs are designed to foster student learning with opportunities to launch, enhance, or change careers in today’s diverse global society.

We Stand Behind Our Academic Quality

As a new student, the Kaplan CommitmentSM gives you a chance to experience real classes before deciding whether you will stay and pursue your studies. If you withdraw during the introductory period, you will have no financial obligation beyond the application fee.³

Explore Our Scholarships

Kaplan University’s scholarships can help lower tuition costs and put even more possibilities within reach.⁴

Financial and Thought Leadership Centers

The School of Business and Information Technology cultivates a rich collection of original and well-sourced content, research, and practical tools to give students the resources needed to stay ahead of the curve in their career paths, including:

- › **Center for Excellence in Financial Services**—a comprehensive, interactive online portal of current news and resources that span in-demand sectors of accounting, investment and wealth management, financial planning, real estate, and risk management and insurance
- › **Women in Business and IT Leadership Center**—the School contributes content for this online forum providing access to practical information, tools, and insights on the trends and issues affecting women in highly competitive industries
- › **Faculty-authored articles and publications**

Programs Aligned to Industry Standards

The Society for Human Resource Management (SHRM) has acknowledged that the following Kaplan University programs fully align with SHRM’s *HR Curriculum Guidebook and Templates*:

- › Master of Business Administration with a concentration in human resources
- › Master of Science in Management with a concentration in human resources
- › Bachelor of Science in Business Administration with a concentration in human resources

The Master of Science in Finance with a concentration in financial planning is a CFP® Board-Registered Program in financial planning education and meets the specific criteria for educating individuals who wish to fulfill the education component for obtaining CFP® certification.⁵

Note From the Dean

“I am extremely proud of our business and management programs. When you consider what it takes to succeed in today’s business climate, I believe that there has never been a better time to earn your undergraduate degree, and that Kaplan University is the place to do just that. I hope you will join us.”

Dr. Thomas Boyd, Dean
School of Business and
Information Technology

IMPORTANT INFORMATION—PLEASE READ

For comprehensive consumer and gainful employment information, visit www.kaplanuniversity.edu/student-consumer-information.aspx.

National long-term projections may not reflect local and/or short-term economic or job conditions, and do not guarantee actual job growth.

² Kaplan University cannot guarantee employment or career advancement.

³ Classes count toward a degree if satisfactorily completed. No credits are earned if the student withdraws during the introductory period (3 weeks for undergraduate students), which begins day one of the first term. Students who choose to continue their studies at the University will need to meet specific requirements. Graduate programs not included. Additional terms may apply to international and non-U.S. citizen students.

⁴ For further information, see catalog.kaplanuniversity.edu and www.kaplanuniversity.edu/Kaplan_Commitment.pdf. Application fee waived for campus and learning center students through December 31, 2016.

⁵ Additional terms and conditions apply. Contact an Advisor for further details. Scholarships cannot be used in conjunction with any other Kaplan University discount (including military tuition rates), voucher, grant, or scholarship.
⁵ Certified Financial Planner Board of Standards Inc. owns the certification marks CFP®, CERTIFIED FINANCIAL PLANNER™, and CFP in the U.S., which it awards to individuals who successfully complete CFP Board’s initial and ongoing certification requirements. Kaplan University does not certify individuals to use CFP®, CERTIFIED FINANCIAL PLANNER™, and CFP marks. CFP certification is granted solely by Certified Financial Planner Board of Standards Inc. to individuals who, in addition to completing an educational requirement, have met its ethics, experience, and examination requirements. Although certain programs at Kaplan University are designed to prepare students to take various certification or licensing exams, the University cannot guarantee the student will be eligible to sit for or pass those exams. In some cases, field experience, additional coursework, and/or background checks may be necessary to be eligible to take or to successfully pass the exams.
