Total Credits Required Bachelor of Science in Human Services	180	96	84

Evaluation Notes:

^ Students who have earned an associate's or bachelor's degree from a regionally or nationally accredited college may be eligible to have designated lower-level courses waived from the bachelor's degree requirements. Students will be awarded credit from their prior degree for an equal number of credits as the credit value of the waived courses, giving an advanced start in the bachelor's degree. Please reference the full policy in the Kaplan University catalog online or in the pdf under Policy Information => Prior Learning Assessment => Advanced Start Credit in Bachelor's Degrees.

http://catalog.kaplanuniversity.edu/Advanced_Start_Credit.aspx

* Requirement is waived via the CCAF general education requirements being fulfilled through the student's CCAF Associate Degree completion. Elective has been added to balance the credit total for the degree.

This worksheet does not constitute an official evaluation of a student's prior learning. All students who possess prior learning are encouraged to submit evidence of such and apply for credit evaluations. The University may award credit for various forms of prior learning including courses taken at other institutions, experiential learning, military credit, and others. All prior learning is reviewed on a case-by-case basis, and credit is awarded ultimately at the discretion of the University. To be considered, official transcripts and exam scores should be sent to the following address: Kaplan University, The Office of the Registrar, 550 West Van Buren Street, 7th Floor, Chicago, IL 60607
