SELECTIVE SERVICE FORM

Your Free Application for Federal Student Aid (FAFSA) generated a flag regarding your status with the Selective Service System. The Department of Education was unable to verify your Selective Service registration or exemption. Federal law requires men between the ages of 18 through 25 to register with the Selective Service System. The law states that before being awarded Federal Student Aid, students must resolve any conflicts regarding their selective service status.

You must complete and sign this worksheet, attach any required documents, and submit the form and other required documents to the financial aid administrator at your school. Your school may ask for additional information. Please carefully read **ALL** instructions on page 3 **prior** to completing each section.

- **Military:** To obtain proof of military service (DD-214, Official Military Personnel File) write to National Personnel Records Center, GSA, Military Personnel Records Center, 9700 Page Blvd., St. Louis, MO, 63132 or visit <http://www.archives.gov/veterans/military-service-records>.

- **Public Health Service:** Notate whether you are a commissioned public health service officer on active duty or specified active duty in the reserve of the public health service.
- **Noncitizen/Alien:**
 - o If you entered the United States for the first time after your 26th birthday, you must provide documentation to support your claim. Valid documentation includes: entry stamp in your passport, I-94 with entry stamp on it, or a letter from the Bureau of U.S. Citizenship and Immigration Services (USCIS) indicating the date you entered the United States. If you entered the United States illegally after your 26th birthday, you must provide proof that you were not living in the United States from age 18 to age 26. Please note: your Resident Alien Card (Green Card) is not valid as proof of entry to the United States.
 - o You are required to provide proof of entry (Passport, I-94, or Visa). If these documents were surrendered to gain U.S. citizenship status submit proof U.S. citizenship.
 - o If you entered the United States as a valid non-immigrant alien, and remained in that status to your 26th birthday, you must provide documentation to support your claim. For example, if you entered the United States as an F-1 Student, and remained in that status until your 26th birthday, you would need to provide documentation indicating that you were admitted on an F-1 visa and attended school full-time as required. (Acceptable documents for this situation include copies of your I-20's or a letter from the school you attended indicating your full time attendance as a non-immigrant alien). The same thing applies for all non-immigrant statuses. You must explain, if at any point, you violated the terms of your visa, or overstayed your visa and became an undocumented alien.
 - o You should provide as much information as possible. We will use the information you provide to determine your registration status.
- **Transsexual:** For individuals who have had a sex change. You must indicate what gender you were born as, and attach a copy of your birth certificate.

This document requires your manual signature. When completed, sign and date this form, and return it along with supporting documentation to the Financial Aid Office.
