Student Board Advisory Meeting
Minutes

Date: Tuesday, October 18th, 2016
Kaplan Attendees: Jackie Sanchez, Maurice Brown
Student Attendees: Margaret "Meg" Pugh-BS Health & Wellness, Camie Ayash-BS Early Childhood Development, Dana Onadja-BS Nursing, Brianne Goodin-MA Teaching, Paige Perry-BS Human Services, Jennifer Harper-BS Human Services, Zachary Holocker-BS Information Technology, Maryuli "Mary" Rios-BS Healthcare Administration, Whitney Bess-BS Psychology

Time: 7pm CST

Welcome New Members   **Meg Pugh**
- The board joined Meg in welcoming Jennifer Harper who is pursuing her BS in Human Services - Human Services Administration.

Student Interaction with the SAB Update   **Camie Ayash**
- Camie shared that Matt Braslow, Director of Assessment and Research, will be joining the November meeting to speak about updates to the end of term survey, and it may be possible for the SAB to add a question to that survey. She encouraged board members to email her ideas for a survey question.
- Camie explained that some of her professors had not heard of the SAB and members should reach out to their professor and encourage them to promote the SAB within the classroom. She suggested also reaching out to the heads of departments to help spread the word and encourage others to support the SAB.
  - Sampling of that feedback:
    - Whitney asked if the survey question will be short answer or multiple choice. Camie replied that it may be easier for them to evaluate the data if the question was multiple choice.
    - Zachary suggested asking students what type of resources they wished they had to assist with their classes.
    - Jennifer offered to assist with the creation of an email template to send to professors. Jackie reminded the board that Brianne created a flyer that could also be included.

Student Organization Fair Update & Kaplan Radio Project   **Meg Pugh**
- Meg shared that she presented on behalf of the SAB and they have already received inquiries about joining. She stated that she shared some of the projects the board is working towards and she received a lot positive responses and feedback.

- Meg stated that she wanted to interview the other student organization leaders and compile the interviews in a Kaplan Radio segment. She added that she will send out a shared Google document with all of the student organizations listed so board members can sign up to reach out to them. She noted that the recording styles do not have to be the same
  - Sampling of that feedback:
    - Many of the board members offered to assist with this project as they are already in contact with some of the groups.

Google Community & Social Media   **Meg Pugh**
- Meg explained that all student clubs and honor societies will be moving to Google Communities and the SAB's page will be housed with the honor societies. *(After the meeting, it was made known that the SAB community page will now be housed in the KU clubs community).* She noted that this will make collaboration and communication easier throughout the groups, as well as give the SAB more presence.
- Jackie presented an example of an honor society's Google Community landing page and asked what board members would like to see on the SAB page.
  - Sampling of that feedback:
    - Brianne commented that the SAB will not be so isolated with the addition of Google Communities.
    - Zachary stated that they should have the mission statement on the community page.
    - Dana suggested using Brianne's flyer as the image on the community page.

SAB Kaplan Radio Announcement Update   **Jackie Sanchez**
- Jackie played Pat's September Kaplan Radio announcement.
  - Sampling of that feedback:
    - Paige shared that Pat did a good job and had excitement in her voice.
    - Brianne commented that it is great to be able to hear the recording rather than just reading a summary.

Classroom/Curriculum Suggestions   **Jackie Sanchez**
- Jackie asked the board for classroom and curriculum topics they may want to examine. She reminded the board that Brightspace is coming so they should not address items dealing with the current classroom platform.
  - Sampling of that feedback:
    - Zachary requested that the board be shown examples of Brightspace so they can have a better idea of what is coming. He also suggested having study guides, flexible assignment deadlines, and a space where students could work together on projects.
    - Whitney stated that having more examples of classroom assignments would be helpful.
    - Jennifer commented that the discussion boards are not as effective as they could be. Zachary suggested that long, open-ended questions could count as posts.
